Grades

ARTICLE 27 – (1) Course grades are determined based on the letters and corresponding coefficients between 0.00 and 4.00 as shown in the table below.

d) The grade (EX) (exemption);

1) The courses that are completed successfully or conditionally at another higher education institution by students who enroll in the University through lateral or external transfer from another higher education institution or through student selection and placement exam and that are deemed suitable for exemption by the administrative board of faculty or graduate school are recorded as EX in the transcript of such students. Grade point average of all courses which deemed suitable for exemption may not be higher than 2.00 out of 4.00. Such courses are not included in grade point average.
