Professor Hümeýra Adıgüzel  
Bahçeşehir University  
Çırağan Caddesi, Osman Pasa Mektebi Sokak  
Istanbul, Turkey

Dear Professor Adıgüzel,

Congratulations! Your request for recognition into the Internal Audit Academic Alliance has been approved. Bahçeşehir University will now be listed as a Principles Level university within The IIA's Internal Audit Academic Alliance Program.

The Internal Audit Academic Alliance was established to recognize the various degrees of commitment and effort universities are making to prepare students for a career in internal auditing. Whether through introductory exposure or developing workforce-ready graduates, participating institutions play a vital role in equipping future professionals with the knowledge, skills, and ethical foundation needed to advance the future of the internal auditing profession.

The IIA proudly recognizes and endorses colleges and universities that promote internal audit awareness and education through their curricula. We understand that it requires dedication and meaningful investment of university resources to support internal audit education.

We welcome Bahçeşehir University into The IIA's Internal Audit Academic Alliance. Congratulations again on this tremendous achievement- we're excited to have your university as part of this growing and impactful academic community.

Sincerely,

**Anthony Pugliese, CIA, CPA, CGMA, CITP**
