Interests

- Swimming, trekking, basketball, guitar, chess
- theatre, reading, movies
- AI in Radiology

I was born in 1986 in Kayseri, Turkey.
After graduating from High School in 2004, I started Erciyes University Faculty of Medicine. After the Radiology Clinic of İstanbul Kartal Hospital in April 2011. I also became a Radiology specialist and exams which was organized by Turkish Society of Interventional Radiology and CIRSE and I was entitled to receive the TSIR & CIRSE Certificate in 2018.
I attended the training and worked at the stroke center of İstanbul F.S.M. Hospital in 2020 and entitled to receive mechanical thrombectomy certificate, In the fall of 2022, I received training on advanced neurovascular procedures at Paris Kremlin Bicetre Hospital and increased my experience in endovascular intervention treatments for brain hemorrhage. As of January 2023, I started working as an assistant professor at Bahçeşehir University Department of Radiology, and I still working and to teach lessons of Interventional and Diagnostic Radiology at İstanbul Göztepe Medical Park Hospital,
